

Oubeidllah Guirat

Software Developer | Web, Backend, Database, Android | Industrial Background

18/10/2000 | Casalgrande (RE) | 328 9484409 | guirat42@gmail.com | Category B Driving Licence

<https://www.linkedin.com/in/oubeidllah-guirat/> | <https://oubeidtunsi.github.io/>

Software Developer focused on web/mobile application development, backend systems, REST APIs, relational databases and frontend-backend integration. I am interested in building practical, reliable, value-driven software solutions, with attention to code structure, data management and user experience. I bring hands-on industrial experience, useful for understanding production processes, quality control, operational workflows and business digitalization.

PROFESSIONAL EXPERIENCE

DropBy Platform - Software Developer / Backend & Mobile Integration | 03/2026 - 05/2026

Contribution to the development and integration of a digital platform with two Android apps, an online REST backend and a PostgreSQL database, connecting authentication, leaderboard, coupon email delivery and app-backend communication.

React Product Catalog - Frontend Developer | 2026

Web application developed with React and Vite to display a product catalog through an external API. The project includes UI componentization, REST API data handling, responsive layout and Bootstrap/CSS styling.

Experience in manufacturing, metalworking and logistics environments at **Piemme, Emilgroup, Modula, Arcese, Edilizia 2000 and Municipality of Casalgrande**, with responsibilities including shift coordination, plant operation, quality control, fiber laser cutting, logistics, document management and technical support.

EDUCATION

IFOA - IFTS Course - Software Application Design and Development Technician, Software Developer with AI tools (480 classroom hours + 320 internship hours)

Worker safety training - 8 hours: 4 hours of general training + 4 hours of specific low-risk training, pursuant to the State-Regions Agreement of 21/12/2011.

University of Modena and Reggio Emilia - University studies in Civil and Environmental Engineering (2020 - 2022)

I.T.C.G. Baggi - Sassuolo - Technical Diploma in Surveying (2020)

LANGUAGES

Italian and **Arabic** native speaker | **English** B2 | **French** basic
